

June 27, 2024

Dear Dental and Orthodontic Professionals:

This letter is in response to your request for information on Solventum dental and orthodontic products containing gluten.

While Solventum has not specifically analyzed the products or components for the presence of gluten, based on vendor-supplied information and based on knowledge of product chemistries, gluten is not expected to be present in any Solventum dental or orthodontic product. Many Solventum product components are synthetic in nature and not sourced from cereal grains.

If you have additional questions, please contact our Customer Care Center at 1-800-634-2249 (US) or 0049-800-275-3773 (Germany).

Thank you for your interest in Solventum dental and orthodontic products.

Best regards,

Dayna J. Dreher, DABT  
Advanced Toxicology Specialist  
Solventum
